## **AWF Urges Co-Sponsorship of Rep Gingrey's Federal Employee Accountability Act of 2009**

The Alliance for Worker Freedom (AWF) endorses Rep. Gingrey's "Federal Employee Accountability Act of 2009" which forbids federal employees from using official time for union activities.

- **The OPM 2008 report found that the federal government spent \$120,730,471 on union activities, an increase from \$113,038,094 the previous year, 2007**
- **The Citizens Against Government Waste estimated that Gingrey's bill would save an estimated \$250 million in taxpayer funds**
- **While American families look to curtail wasteful spending, legislators should follow suit and end blind union support.**

The Alliance for Worker Freedom is urging all Members to show their support for increasing government accountability by co-sponsoring this bill.

**Gingrey's bill allows for a more efficient and streamlined government. Taxpayer dollars will no longer be wasted on bureaucrats' use of official work time for union activities!**

To become an original co-sponsor, contact Bob Watts in Rep. Gingrey's office at 5-2931 or [Robert.Watts@mail.house.gov](mailto:Robert.Watts@mail.house.gov).
